

# Teckna det du ser!

## Draw what you see! A summer course at Ålgården Friday-Sunday 9-11 Aug

To draw is 1. to see and 2. to transfer what you see to the paper. Sounds obvious, but we can be blocked by what we think the motive looks like, which makes the drawing deviate from what we hoped for.

During the course you will practise "the artist's gaze" to discover all the different constituents that build up a motive.

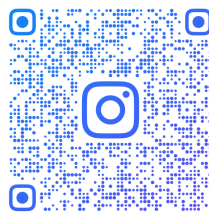

You can be experienced or a beginner, all practise will increase your skill!

Time: Friday-Sunday 9-11 August at 10-15, break at 12-13, bring your own snacks/lunch

Materials: Paper, preferably a larger sketchpad, pen/pens that you like. Some material are included in the fee.

Price: 1800:-

Teacher: Christina Abrahamsson (Instagram: @christina.abrahamsson)
